About Ronald McDonald House Charities South East Queensland

Ronald McDonald House Charities South East Queensland cares for families with children who are ill or injured. We provide essential services that remove barriers, strengthen families, and promote healing when children need healthcare, including accommodation.

Ronald McDonald Houses help families stay together in the midst of physical, emotional and financial stress, while being supported by dedicated and friendly staff and volunteers.

OUR IMPACT SUNSHINE COAST

"RMHC SEQ has given us a home-away-from-home, some normality and a meeting place for family when we are blessed with visits. Without the support and assistance we've been offered, we really don't know how we would have been able to keep it together over this hard time. We want to thank everyone involved, especially the volunteers who have been so helpful throughout."
